JUNE 1958

THE JUNE 1958 YEAR BOOK
of
P.S. 30 RICHMOND

Acknowledgements are due to many people for the successful culmination of this project. Without the impetus of 8-401, the class which suggested the idea....and did research on it in much detail; without the interest and cooperation of the entire 8th grade; without the art work by our graduate artists; without the work of our prospective authors; without the all-out advertising campaign (i.e. snaring of paid advertisers); without the enthusiasm of youth.....there could not have been a Year Book.

Each of the five graduating classes had committees working on the various items in this book. The members of all the committees would be too numerous to mention. Perhaps it would be more accurate to state that all of the graduates contributed something to the final result.

The duplicating machine on which the work was run was lent to us by the Gestetner Company who gave time and assistance in addition to the machine. We are extremely grateful to Gestetner and to Standard Office Supply for their "minute-man" service.

This being a 'first' effort, may we apologize for any errors which may appear on these pages. The shortage of time precluded any detailed editing. Any mistakes in spelling of names are purely slips of the tired typist's fingers.

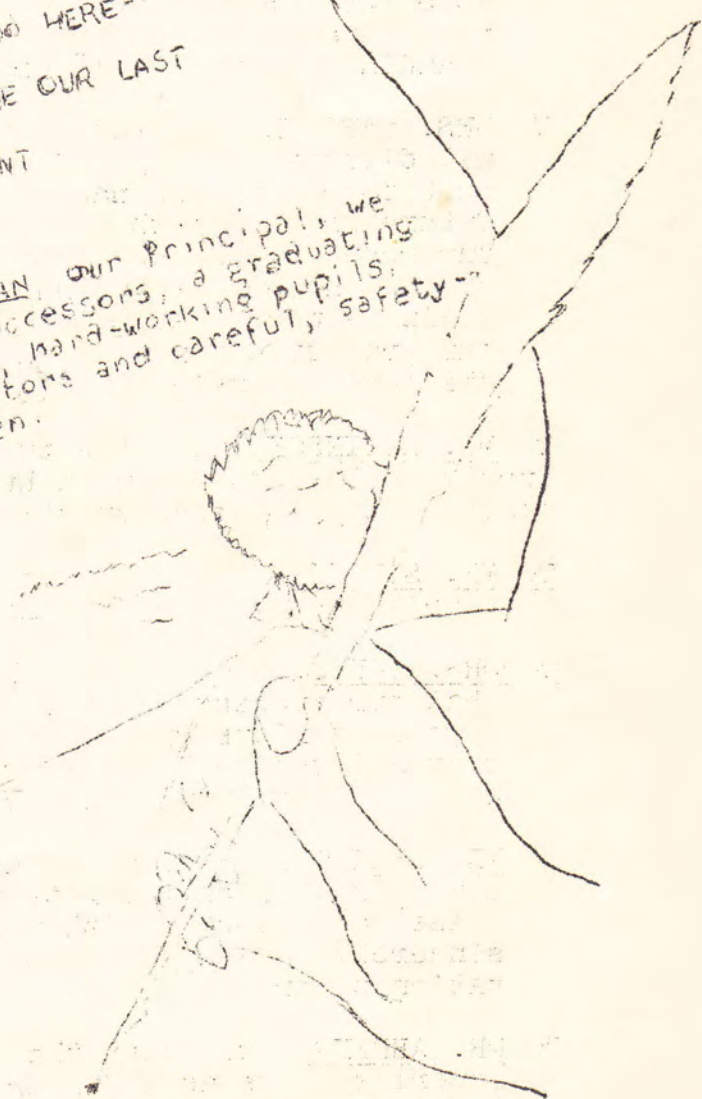

With thanks to all who made this Year Book possible, the Class of 1958 now presents P.S. 30's 1958 YEAR BOOK.

OUR LAST WILL AND TESTAMENT

WE, THE GRADUATES OF 1958,
BEING OF SOUND MINDS AND
OVERACTIVE TONGUES, DO HERE-
BY DECLARE THIS TO BE OUR LAST
WILL AND TESTAMENT

TO MR. SILVERMAN our principal, we
leave as our successors, a graduating
class of moderate, hard-working pupils,
competent monitors and careful, safety-
minded children.

June 25, 1958

WE DO BEQUEATH THE FOLLOWING ITEMS

TO OUR SUCCESSORS:

- A. Our beloved, harassed, long-suffering teachers (if they last through our graduation)
- B. The broken, paper-cluttered desks, incompleted homework assignments, and all the odds and ends that go with the graduation grade.

TO OUR TEACHERS:

- TO MISS HIRSCHMAN, we leave the joy of bringing another class, (with soft voices and gentle natures like ours) through the perils of Departmental life together with our deepest gratitude for her inexhaustible supply of patience and understanding of our "teen" problems.
- TO MRS. CARSTEN, we leave our melodious voices, a black notebook to record the names of future graduates who commit the unpardonable crimes of not completing notebooks and not practicing songs. We also submit our gratitude for teaching us the joys of music.
- TO MR. ATTINSON, we leave two years supply of test tubes and a hundred pages of EASY Science questions.
- TO MR. STRANGMEYER, we leave one year's supply of right answers.
- TO MRS. JONES, we leave the hope that our successors prove to be a good, serious gym class and that all the volley ball games will be closely won and QUIET.
- TO MR. BRAISTED, we leave fond memories of his "favorite, quiet class" and probably, (though we sincerely hope not), an aggravation ulcer.
- TO MR. AHREND, we leave the memories of us as a 7th grade Science class with the hope that he won't have another one like it ever again.

TO THE DEPARTMENT TEACHERS:

- TO MRS. JONES, our Register teacher, we leave memories of a class which she will find impossible to forget. We leave her our thanks for all she has done for us, for her excellent teaching and her patient guidance.
- TO MR. AHREND, our seventh grade Science and Math teacher, we leave regrets for not having had him as a teacher another year. We leave thanks for all the enjoyable periods we did spend with him.
- TO MR. ATTINSON, our eighth grade Science teacher, we leave our scientific brains, which could be something he would prefer "should never happen to me". But all of us agree that Mr. Attinson is a fine teacher of science.
- TO MR. BRAISTED, our eighth grade Reading teacher, we have only workbooks minus covers to leave, and thanks for helping us with our reading throughout the year.
- TO MRS. CARSTEN, we leave memories of our screechy voices and we say thank you for being so patient with us through the years.
- TO MISS HIRSCHMAN, there is nothing to will as we have never had her as one of our teachers. But we know that she is a fine teacher through the remarks of other children.
- TO MR. KACSUR, we leave goodwood wasted, broken saws, and nails scattered all over.
- TO MISS LEARY, we cannot say much as she was never one of our teachers, but we would have certainly enjoyed having had the benefit of her help.

- TO MISS WICKMAN, we bequeath the joy of a new class in our seats, one more interested in reading than in talking.....a class to be proud of.....but, with all our shortcomings, we hope your memories of us won't be all bad.
- TO MR. KACSUR, we leave a dozen broken jeweler's saw blades and memories of 8-401's constant requests for assistance.
- TO MISS LOEFFLER, we will a new group of classes to provide many wonderful displays for official exhibit, and the joy of learning how much her work is appreciated by parents, children and teachers.
- TO MRS. MOORE, we leave the hiding place of the lost bobbins, the broken needles, the ruined recipes and a new crew to forget notebooks and rush last-minute stitches in their dresses.
- TO ALL THE OTHER TEACHERS IN THE DEPARTMENT, whom we have not had for any subject, we leave the serene calm they must have acquired by not having had to contend with us.
- TO ALL THE TEACHERS, as a final gesture, we bequeath a limitless supply of scotch tape to help quiet over-talkative pupils, and a complete file of all the excuses available for every occasion.
- TO MR. NEILSON, we will a clean, paperless room..now that we have left.. and closed windows, unbroken.
- TO THE P.T.A., another group of aides to set up the P.A. system, to take care of the babies on Meeting days, and to housekeep (and eat the left-overs) on the meeting Wednesdays, together with our thanks for the help they have given during our years at P. S. 30.
- TO MR. STRANGMEYER, our seventh grade Library teacher and our eighth grade Math. teacher, we will all our wrong answers in Math, which are quite a few, and our appreciation for doing a swell job in teaching us Math.
- TO MISS LOEFFLER, our seventh and eighth grade Art teacher, we leave the empty paint jars.. (the paint was used by us to ruin good paper), and the knowledge that we have enjoyed all our hours with her.
- TO MRS. MOORE, we leave half-cleaned pots and pans, broken dishes, eggshells for her collection and the "Mystery of the Disappearing Bobbins". We also leave our thanks for being such a grand Cooking and Sewing teacher.
- TO MR. STODDARD, the substitute Science teacher who took Mr. Atkinson's place during his illness, we leave our thanks for the fine job he did.
- TO MISS WICKMAN, we will the peace and quiet of an angelic class and the time to read all the books in the Library. Thanks and our appreciation go to her for the many pleasant periods we shared.

We now sign our names and affix our seal to this Last Will and Testament on this 25th day of June in the year one thousand nine hundred fifty-eight.

CLASS 8-412

Committee:

Carol Mastro
Anne Norall
Marie Carr

In addition to these, our bequests, we
Wish - on this 25th day of June, 1958, at this
moment of leave-taking - to tell you all how
Thankful we of 8-401, 8-412, 8-405, 8-404,
and 8-408 are to have had the good fortune
to have been associated with you, to have had
the benefit of your assistance in accumulating
the knowledge which will play such an im-
portant part in our later life, and to have
experienced your understanding, guidance
and patience throughout these elementary
school years.

We leave our gratitude, bequeath a
piece of our hearts, and will a great
deal of affection.

In witness where of, we hereunto
sign our name and affix our seal,
this twenty-fifth day of June of
the year one thousand nine hundred
fifty-eight,

Eve Chrampanis - Always happy; always ready to help. Has a gleam in her eye! Voted brightest girl in her class (much to her surprise). Loves animals. Belongs to school orchestra.

Mary Ann Connolly - Likes to collect records and dance. Her favorite subjects are History and Art. Likes to swim and ice skate. Hopes to be an airline stewardess.

Janet Dahlberg - Good student, likes school. Favorite subjects: Reading, Sewing, Cooking, Art and Hygiene. Favorite sports: Swimming, horse-back riding and skating. Hopes to become a nurse.

Karen Daniels - Full of fun, good sense of humor. Her favorite subjects are: Reading, Math, Spelling and Cooking. Likes to read and to dance.

Kathie Devlin - Bright and extremely witty. Collects dogs...6 so far, and going strong! Favorite subject: Composition. Writes good verse.

Mary Ferry - Industrious, cooperative, conscientious! Does well in her studies; Favorite pastime is reading. Plays in school orchestra.

Ricky Forster - Favorite subjects are Math and Music. Collects trains in her spare time.

Lorita Hall - Favorite subjects are Art and Cooking, but these are secondary to her hobby of horse-back riding. Hasn't yet decided what she will do to earn her living.

Stephen Barranco - intelligent, industrious boy. Favorite subjects; Math, Shop and Social Studies. Hobbies: Basketball and coin collecting. Stephen's enthusiasms so varied he hasn't yet decided what to be.

Carl Conway - athlete by desire as well as ability. Sports his favorite activity, interest and hobby. Handball rates 1st with Basketball a close second. Hopes to do something in sports for his livelihood.

David Crawford - Good sport, even-tempered, well liked. Likes to fish and shoot. Likes Social Studies and does well in that subject. Good all-round student. Plans to go to college.

Stuart Geisinger - interested in Science and Math. Hobbies: Electronics, sports and building things. Favorite sports: baseball, football and tennis. Likes to dance.

Norman Hunt - Loves books of all kinds - especially science fiction. His hobby is model-making. Says he would like to become an electrical engineer.

Dwight Johnsen - very mechanical-minded, likes optics, electronics and similar subjects. Always tinkering with or repairing something. Handy to have around! Favorite subject is, of course, Science. Enjoys sports of all kinds too. Well-liked by everyone.

Glenn MacGrady - Likes electronics has a short wave set. Good athlete, extremely popular, he holds a special spot in his class. His favorite school subject is Science.

Joan Konecny - Friendly, studious.
Likes animals. Favorite pas-
time is dancing. Always
helpful and cooperative.

Lynn Korenman - Likes to dance.
Favorite subjects are
Spelling, Reading, Sewing
and Cooking. Hobby is col-
lecting 'Rock 'n Roll' re-
cords. Favorite sport is
swimming. Hopes to become
a secretary.

Pamela Letts - Good student.
Favorite subjects are Social
Studies, Math, Art, Reading.
Likes to play badminton and
volley ball. Enjoys bike-
riding, reading and drawing.
Has a good sense of humor.
Well-liked by her classmates.

Elena Nelsen - Plays violin in
school orchestra. Her most
liked school subject is
Social Studies. Hobbies in-
clude dancing, swimming,
bike riding and going to
picnics. Hopes to become a
secretary.

Dottie Peterson - Excellent
artist. Favorite subject
naturally, Art. Her main
interest is horses. Has
her own horse, named "Gal"
and rides as often as pos-
sible. Would like to do
professional riding even-
tually. Hopes to be a
rodeo queen.

Kathy Merce - Extremely witty
and lots of fun to be with.
Good natured and bright.
Sews as easily as she
breathes. Will go to col-
lege.

Diane Richter - New to P.S. 30
this year, she has amassed
many friends. Likes to
dance, is a good sport and
a conscientious worker. Her
favorite subjects are Social
Studies and Spelling. Is
not sure what she plans to
do.

Eugene Markham - Favorite subjects
Shop and Science. Loves to
swim, play pool and beat his
drums. Latest interest is
making jewelry. Hopes to be-
come a doctor.

Jonathan Merdin - Nicknamed "Tiger"
Speaks well--would make a good
politician. Debates very well.
Hobby is electronics. Hasn't
decided yet what his niche in
life is to be.

Jimmy Rowe - Lives in a world of
fish and dogs. School -- to him
is an unnecessary evil. Favor-
ite sport - after fishing, of
course, - is soft ball. Has an
odd sense of humor. Well-
liked by his classmates.

Stanley Sterenberg - Favorite
subject is Math. Hobby is
stamp collecting. Plays the
clarinet well. Is active in
baseball. Says he would like
to become a ball player pro-
fessionally. Tied with Stuart
Wolinger for Valedictorian,
he gave the Salutatory at our
graduation exercises. Plans
to attend college.

Frank Vigliotti - Loves fishing.
Favorite subjects are Math,
Social Studies and Shop. Has
an interesting hobby -- col-
lecting minerals. Intends to
go through college, but has
not yet decided what to do.
He does know that he doesn't
want to be an executive.

Arnold Vlieks - Favorite sports
are canoeing and swimming.
Enjoys Math and Shop. Hobby
is developing pictures. Plays
violin in school orchestra.
Hopes to be either a chemist or
an electrical engineer.

Walter vom Saal - "Terry" is in-
terested in sports. His fa-
vorite school subjects are
Math and Science. Has a good
sense of humor. Popular with
his classmates.

Bonnie Sainz - Favorite subjects are Art and Composition. Her hobbies include swimming and bike-riding. Enjoys volley ball. Well-liked.

Ann Ellen Schoor - Favorite subjects: Art, Math and Composition. Hobbies: Dancing and ice-skating. Does well in school; plays in school orchestra, is well-liked.

Marcia Swets - Industrious, sympathetic, understanding. Enjoys Home Economics and Reading. Has a good sense of humor. Is extremely active in all school projects. Has travelled many places with her navy Chaplain dad. Is popular with all her classmates. Will attend college --though she doesn't even know what state she'll be in for her High School work. Perhaps it's Kansas. We all wish her the best of luck and hope we meet again.

Bruce Wilson - Like to build things like radios. Always doing some construction. Favorite sports are baseball and swimming. Will attend Brooklyn Tech and then college.

Robert Worden - "Wormy" is interested in all sports. His favorites are basketball, baseball and any type of ball game. Has a keen sense of humor. Doesn't know yet what he plans for the future.

*

Carol Torgersen - Extremely musical. Member of the school and district orchestras. Her favorite subject is Music. Her hobby is playing the piano. Most enjoyed pastimes are music of all kinds and swimming. Hopes to become a Music teacher eventually.

Gerri Uranga - Good athlete, good dancer, plays the accordin extremely well. Loves music. Has a host of friends. Full of fun, life, pep. Keeps things hopping.

CLASS HISTORY

The 3-1 class of 1953 started under the direction of Mrs. Zimmerman and ended under the guidance of Mrs. Fromer. According to the reports of those far-off days, these teachers found the children alert, interested and in general good workers. Of the present 3-401 class, the original members of 3-1 were Stephen Barranco, Eve Chrampanis, Mary Ann Connolly, David Crawford, Karen Daniels, Mary Ferry, Stuart Geisinger, Dwight Johnsen, Glenn MacGrady, Elena Nelsen, Dorothy Petersen, Kathy Pierce, Jimmy Rowe, Ann Ellen Schoor, Terry vom Saal, Gerri Uranga, Bruce Wilson and Robert Worden.

The following year Mr. Fiore took over this group with the addition of Lorita Hall, Stanley Sterenberg and Carol Torgersen. At that time they were "eager to learn and produced some very nice work".

In 1955 Carl Conway, Joan Konecny, Lynn Korenman, Gene Markham and Jonathan Merdin joined the group to provide Mr. Braisted with a "nice class" who "labored on projects diligently".

Mrs. Perrella (then Miss Spinelli) kept the class on its toes including with the others Bonnie Sainz and Frank Vigliotti the year. They all enjoyed a very interesting and active time during their sixth grade.

Finally, in September of 1956, the group reached the Department where several teachers shared the responsibility of preparing them for High School. Rachel Forster, Norman Hunt and Marcia Sweet joined the others to form the 7-1 class with Miss Hirschman as their official teacher. In March of 1957, Kathy Devlin and Pamela Letts came up to swell the ranks and in September of that year, Diane Richter became the 36th member of 8-401.

While in the Department, 8-401 had several new experiences. They wrote, produced and presented original playlets; they visited many places of interest; they had end-of-the-year outdoor picnics including all members of each family; they started class newspapers; they tape-recorded plays acted by members of the class; they started the first P.S. 30 Yearbook; they collected material and set up the last issue of the P.T.A. News.

Now, in June 1958, they are completing their Elementary Grade School history and setting forth to begin a new one for their High School years. May success crown their efforts and lead them to a worthwhile life.

Kathy Pierce and Robert Worden

CLASS HISTORY

The 'two' class began in the fourth grade under the supervision of Mrs. Spencer. The children of 8-412 who were in the 4-2 class were Gladys Blomquist, Elizabeth Concklin, Harold Haraldsen, Ina Jacobs, Peter Kugit, Richard Rostand, Carolyn Schwartz, Arthur Stark, Nancy Wright and Ellen Zamborsky.

The following year in room 307, Mr. Fiore took over the class with the new entries including Arthur Anderson, Anne Kelly, Carol Mastro, Nancy Olsen, James Rigney, Barry Schoppmann and Richard Wolf.

In the sixth grade Mr. Richman was our teacher. The children who joined us that year in enjoying Mr. Richman's guidance were Judy Johnson, Nicholas Malley, Eunice Otto, Judy Vander Naald and Beth Ward.

In September 1956 the 'two' class finally reached the Department. Mrs. Jones, our official teacher, together with the other teachers in the Department, helped us with our work through the seventh and eighth grades in preparation for High School. The new members of our class in those years were Joseph Bucciero, Marie Carr, Dean Evensen, Wendy Hall, William Hamilton, Hallie Haucke, Cathy Hooper, Dennis Lawson, John Martino and Theresa Powell.

CLASS HISTORY

The 'Three' class back in the third grade with Mrs. Sussman included Jean Cambria, Lynne Cagnetta, Walter Bentsen, Richard Chrampanis, Alex Degan, and Robert Kidd of the present 8-405 class.

Ed Rivers, James Thurston, Michael Waldstein and Thomas Watt joined the group in 4-3 with Miss Cochran as their teacher.

In 5-3 under the supervision of Mrs. Jacobs, the group expanded to include Richard Dugan, and John Storhaug.

Mr. Skowronski took over the group in the sixth grade with the following additions to the roll: Joseph Belger, Corbyn Westerlow, and Thomas Gulotta.

On entrance into the Department, the 7-3 group once more gathered some new members to the register. They were John Egbert, Arthur Pettersen, Pat Cicutello, Joan De Rosa, Carol Dotts, Harriet Hale, Diane McLaughlin, Diane Meeker, Clarissa Olsen, Judy Perine, Brenda Ritchie, Florence Scalera and Judy Wilkening. Mrs. Carsten was our official teacher for our seventh and eighth grades.

This last year Jean Warren came to our school in September and joined 8-405. Later on in March of 1958, Vickie Donovan was included in the group. Robert Conte was another latecomer to this class, arriving during the last year.
